Target:
Yellow Flag

Left Side: O.B. (with
pond hazard)
Right Side: O.B.

Advice: There is a hidden pond on the left from 190 yards to 260 yards, so use the center and right side to safely land your tee shot. You might have a chance to go for it with your second, or play it conservative and leave it at your favorite yardage for your approach.

Target:
Yellow flag

Left Side: Safe
Right Side: O.B.

Advice: It is a full 230 yards to clear the bunkers on the left, so stay right unless you are a heavy hitter. All shots will kick right on this fairway either way. On your approach aim for the left half of the green and keep it a bit long to avoid the waiting guard bunker in front.
